DETAILED ACTION

Claims 1-16 are pending in this application.

Action Summary

The examiner acknowledges the addition of claims 14-16.

The rejection of claims 1-13 under 35 U.S.C. 112, second paragraph as being indefinite is hereby withdrawn as applicant has corrected the indefiniteness.

Claim Rejections - 35 USC § 112

Claims 6 and 7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 6 and 7 recites the limitation "and optionally the component (3)" in lines 3 and 4. There is insufficient antecedent basis for this limitation in the claim. This claim is depending from claim 1; however, component (E) is not claimed in claim 1, it is not recited until claim 3. Therefore, there is no antecedent basis for recitation.

Allowable Subject Matter

Claims 1-5 and 8-16 are allowed. The prior art does not teach, suggest or make obvious the water soluble composition comprising coenzyme Q₁₀, a monoester of polyglycerol with averaged polymerization degree of 10 and a fatty acid having 18 carbons, a mono-, di-, tri- or penta-ester of polyglycerol with averaged polymerization

nm or smaller.

degree of 3-6 and a fatty acid having 18 carbons and water and wherein the average particle diameter of the water soluble composition is 110 nm or smaller or wherein the average particle diameter of the coenzyme Q_{10} in the water soluble composition is 110

Conclusion

Claims 6 and 7 are rejected.
